

## FKB NōVel – Anterior and Step-Thru

The FKB NōVel is a feature-rich functional knee brace that creates superior fit and comfort, resulting in increased patient compliance. It has an innovative cinching system that eliminates Velcro®, making this brace super easy to use.

### EXAMPLES OF USE

- Moderate to severe ACL instabilities
- Prophylactic/bilateral use
- MCL/LCL instabilities
- ACL reconstructions

### PRODUCT FEATURES

- Opti-Fit technology, located on the medial side of the thigh cuff, allows the natural movement of the knee through flexion/extension, creating an intimate fit and reducing migration.
- Cinching dial allows for incremental adjustments.
- Quick-release buckles for easy on and off.
- Extremely lightweight, weighing approx. 18.5 oz.
- ROM hinge with flex/ext control (stop kit incl).
- One year warranty on frames and hinges.
- Ideal for non-contact and non-sliding activities.
