* The mean compression for an average ankle size.
** 18mmHg - the nominal compression for an average ankle size.

JOBST®
ACTIVA
Everyday styles
to keep your
patients active

JOBST® ACTIVA delivers fashionable, all-day comfort for an active lifestyle. Designed with graduated compression to help improve circulation - with the highest amount of pressure at the ankle and less compression gradually applied towards the top of the sock or stockings. JOBST® ACTIVA helps manage healthy, great feet and legs by decreasing compression through the stocking which helps promote circulation.

The JOBST® ACTIVA brand offers six relevant product lines, based on customers' needs: ACTIVA Sheer, ACTIVA Opaque, ACTIVA soSoft, ACTIVA Men's Dress, ACTIVA Athletic, and ACTIVA Anti-Embolism.

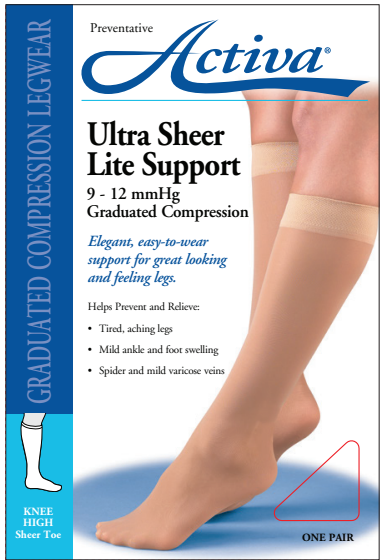

Replacing many products within the current JOBST® and ACTIVA® portfolios, you can expect high-quality from all of the new ACTIVA products. To make the changes to the new ACTIVA product line easy for you, this document will show you what has changed: the attractive packaging created for easy selection and updated order codes, all with the aim to support you and your patients.

* 18 mmHg - the nominal compression for an average ankle size.

Incorrectly measured and badly fitting compression garments may cause problems during wearing.
Open wounds must be covered with an appropriate dressing before the compression garment is put on.

REIMBURSEMENT DISCLAIMER

The Centers for Medicare & Medicaid Services (CMS) uses Palmetto GBA as the Pricing, Data Analysis, and Coding (PDAC) Contractor. The PDAC Contractor maintains the Product Classification List, located at https://www4.palmettogba.com/pdac_dmecs/. The Product Classification List is a searchable database containing products that have received HCPCS coding verification from PDAC and their corresponding HCPCS codes. BSN Medical Inc., however, makes no representations as to the accuracy of the information contained within the PDAC database, nor any representations as to whether its products are reimbursable under any government sponsored healthcare program and/or private-insurance program. It is the provider's sole responsibility, in consultation with the insurer, if necessary, to determine medical necessity, ensure coverage criteria is met, and submit appropriate codes, modifiers, and charges for services rendered.
