

Wave Comfort 3

Fillauer®

Wave Comfort 3

The Wave Comfort 3 brings an exceptional level of comfort to the low to moderate activity user. The unique tri-spring design elements work in concert to provide seamless transition and stable progression from heel-strike to toe-off. The coupled springs react in a compliant manner that promotes a supple feel while maintaining the dynamic response expected in carbon composite feet. The novel wave spring and variable durometer heel bumpers enhance stability at heel strike and plantar-flexion as the wave spring flexes and extends. The smooth action of the heel rocker combined with the stable dynamics of the forefoot insure a "wave of comfort" from heel to toe.

Product Features

- Novel tri-spring design
- Compact comfort
- Unique Wave Spring technology
- Progressive dynamic response
- Enhanced plantar flexion
- Easily adjustable heel stiffness
- Balanced compliance
- Smooth roll over

Specifications

- Patient weight: Up to 330 lbs. (150 kg)
- Foot weight: 13.2 oz. (374 g)
- Build height: 4 in. (10 cm)
- Functional level: K3
- Durable; meets ISO-22675 standard

Warranty

- 3 years from date of patient fitting
- 60 day patient trial
