Two-Panel Surgical Rib Belts

For Women and Men

Two-panel surgical rib belts help stabilize rib and sternum fractures by limiting expansion through compression. They provide comfort and encourage more controlled breathing to help reduce pain. Rib belts also provide support and compression to the muscles and soft tissues of the rib cage weakened by strain, trauma, overuse, inactivity, or surgery. Female rib belt is designed with a contoured fit around the bust line. Universally sized.

Color: White.

PREMIUM WOVEN SERIES, LATEX-FREE TWO-PANEL SURGICAL RIB BELTS

Male Catalog Number	Female Catalog Number	Size	Fits Chest
34-4100SL	34-4200SL	Universal	24" - 48"

76

Premium Woven Series, Latex-Free Three & Four-Panel Abdominal Binders

For Women and Men

THREE-PANEL SURGICAL BINDERS (9" HEIGHT) provide support and compression to abdominal muscles weakened by strain without restricting breathing or muscle redevelopment.

FOUR-PANEL SURGICAL BINDERS (12" HEIGHT) provide support and compression to abdominal muscles weakened by strain without restricting breathing or muscle redevelopment. Tall height for taller patients or long line surgeries.
