## LumboLoc® Forte XT

For optimal spinal posture and relief of the lumbosacral spine.

Stabilizing orthosis for optimal spinal posture and relief of the lumbosacral spine. Providing 360° of abdominal compression along with appropriate postural control, the LumboLoc Forte XT aids in the relief of both acute and chronic low back pain. The anatomical design and use of Bauerfeind's superiorly comfortable Train knit boosts patient compliance, enhancing therapeutic effectiveness.

Bauerfeind products are made in Germany by a team dedicated to quality, clinical effectiveness and detailed craftsmanship.
