

Cinch-Fit Pro LSO

DCT-CF37 The Trend Cinch-Fit Pro LSO is a modular lumbar-sacral orthosis that supports, stabilizes, and protects the mid to lower spine (T9-S1). The Trend Cinch-Fit Pro is our industry-standard post-operative and injury support for providers seeking a progressive recovery brace that can accommodate a patient's individualized needs.

Modular Configuration

Allows the orthoses to be built-up or broken down to provide precise pre-, post-, or non-operative support and motion restriction

Highlights • Clinically tested to provide motion restriction for pre-, post-, and non-operative patients

- Posterior, lateral, and anterior panels can be removed, molded, trimmed, or bent to provide a custom fit to meet unique anatomical and medical needs
- Trend TX2 No Grip closure for patients lacking hand strength

Indications • Acute and Chronic Lower Back Pain • Lower Back Sprains/ Strains • Pre-, Post-, and Non- Operative Support • Lumbar Disc Displacement • Spinal Stenosis • Herniated Discs • Degenerative Spinal Pathologies • Stable, non-displaced spinal fractures (L1-L5)

Intracavitary Compression

Clinically tested to provide optimal intracavitary compression for effective pain relief

PDAC Approved: L0637/L0650
