responses in real time

K3/4
ICON

The Icon microprocessor knee offers a user-friendly experience for patients and clinicians. Featuring responsive sensors, streamlined setup, and the intuitive Stride Studio app, this dynamic knee was designed to enhance user confidence and trust. Clinicians can easily access all adjustments, custom modes, and more in their version of Stride Studio. The Icon has no service requirement with College Park's remote updates and unique warranty process. Our engineers have developed patented technology to put the Icon in a league of its own—improving angular accuracy, response time, and weight savings. Equipped with a long-lasting battery and IP68 rating, the Icon is the versatile solution for moderate to high activity users.
