

CrossRunner™ Soft Knee Brace

The CrossRunner is a soft-hinged knee brace designed to provide optimal support with maximum comfort in every detail. The perfect cross between comfort and support.

Product Features

- Universal fit to accommodate both left and right knees
- Composed of a hybrid fabric, BreathFit™, that allows for both breathability and compression
- Adjustable range of motion (ROM) control with snap-fit ROM stops
- Durable design of both the sleeve and hinge
- Wraparound version features flaps for a secure fit
- Pull-on version features pull-tabs for easy application

Common Examples of Use

- Most ACL, PCL, MCL, and LCL injuries and instabilities
- Meniscal instabilities
- Patellar instabilities
- Mild osteoarthritis

Categories: Adjustable ROM, Soft Supports.
