

THE CHOICE OF A **PRO**

THE CHOICE OF A PRO

The Össur Formfit Pro range is the ultimate in breathable support technology for people who are passionate about their activities. The precision-engineered 3D knit delivers professional-grade compression, with added support where needed. Proven superior to leading brands for moisture wicking and breathability, Össur Formfit Pro technology helps skin stay cool and comfortable.

Pioneers of advanced technology, our mission is to improve people's mobility. As a global leader in non-invasive orthopaedics, Össur has nurtured an innovative mind-set, continuously pushing the boundaries to create the best products and services for decades. Expertise and experience keeps us at the top of the game. That is why Össur Formfit is **The Choice of a Pro.**
