**NEW &  
IMPROVED**

# LumboTrain® LumboTrain Lady

The original back support –  
just got better.

The new-and-improved LumboTrain back support is 20% lighter and more breathable than previous versions. Only at Bauerfeind: The lumbar pad with massage nubs made of a second component are now more effective than ever. This means more comfort and better compliance and outcomes for patients.

A low-profile, extra breathable and light weight design, with textured compression knit and patented two-component pad allows for unparalleled relief, stabilization and all day wearing comfort – latex free.

## Indications

- General pain in the lumbar spine region (acute and chronic)
- Degenerative conditions of the lumbar spine e.g. osteochondrosis, osteoarthritis of the spine, lumbar deformities, spondylolysis without spondylolisthesis
- Condition after herniation (conservative/post-operative)
- Condition after discectomy

# The new and improved LumboTrain®

## RESEARCH-BASED INNOVATION.

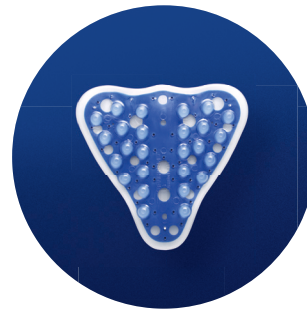

### INNOVATIVE DESIGN FOR LOW BACK PAIN

- STABILIZES AND STRAIGHTENS THE BACK
- RELIEVES PAIN
- PROMOTES PROPRIOCEPTION
- ACTIVATES MUSCLES

#### COMPRESSION KNIT

- Textured compression knit for improved proprioception, additional muscle activation and pain relief
- Anatomically contoured for perfect fit
- Male and female version available
- Latex-free

#### MASSAGE PAD

- 26 massage nubs loosen tense muscles and relieve pain in the lower back
- The lumbar pad is anatomically contoured, together with the Train knit fabric which wraps around the torso, supports healthy posture

#### COMFORT FASTENING

- The stable abdominal fastening is individually adjustable and provides a secure fit
- Comfortable to wear – with a feathered edge and air holes

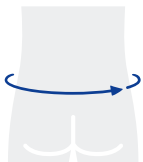

#### STUDIES SHOW

**52% LESS PAIN MEDICATION** needed per day<sup>1</sup>

#### NO MUSCLE ATROPHY

none of the patients demonstrated signs of muscle atrophy<sup>2</sup>
