Advanced compression  
and support

# MIAMI LSO™ & MIAMI TLSO™

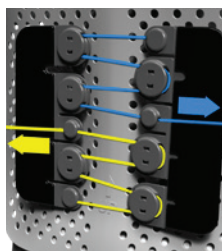

## Advanced compression and support

Össur's innovation in spine technology evolves beyond lumbo-sacral immobilization to include the thoracic segment, with the new pre-assembled Miami TLSO. The easy-to-use Miami line requires minimal preparation and is designed to provide optimal patient comfort. Easily applied in all configuration options, donning and doffing is further simplified with blue patient touch-points.

### Easy for everyone

Pre-assembled design and intuitive features facilitate a more accurate sizing experience directly on the patient. Proven to be significantly superior in comfort and easier to don and doff\*, Miami LSO & Miami TLSO's modular panel system is interchangeable to accommodate patient's support needs.

### The proven power of the pulley

Advanced compression you can feel, with unmatched cinching travel distance backed by a double pulley system. Length adjustable pulley cords enable tailored placement and individualized compression.

### Thin is in!

At just half the width of other belts, Miami LSO is discreet under clothing. And while thicker belts can retain heat, the ventilated belt promotes a breathable microclimate, helping to keep the skin cool and comfortable.

### Blue is You™

Intuitive blue Patient Touch-Points and Quick-Release buckles send patients home with confidence.

## PRODUCT HIGHLIGHTS

- 1 Anatomically contoured posterior panels
- 2 Blue is You™ patient touch-points
- 3 Thin, discreet belt
- 4 Precise-Size™ landmarks
- 5 Fold-over belt arms with no trimming needed
- 6 Durable, ventilated fabric
- 7 Quick-fit pocket
- 8 Double pulley system with length-adjustable cords
- 9 Quick-release buckles
- 10 Optional anterior-thoracic extension\* with height accommodation from 5'1" - 6'5" (155 cm - 193 cm)
- 11 Optional dual strapping (under & over arm configurations)
- 12 Telescoping Chest Strap with Quick-release buckle
- 13 Soft & Comfortable Shoulder Straps

\* Miami TLSO 464 only

## INDICATIONS

**Miami LSO:** Conditions requiring gross immobilization of the trunk in the lumbar region. Such conditions may include: stable non-displaced spinal fractures (L1-L5), spinal stenosis, herniated disc, degenerative spinal pathologies, spondylolisthesis, and spondylolysis.

**Miami TLSO:** Conditions requiring gross immobilization of the thoracic and lumbar spine. Such conditions may include: post-surgical immobilization, spinal support up to T7, spinal stenosis, herniated disc, degenerative spinal fractures, spondylolisthesis, and spondylolysis.

# ORDERING INFORMATION

## OPTION 1: Order braces for inventory

MIAMI LSO BELT			STANDARD POSTERIOR PANEL	
				
SIZE	WAIST CIRC.	PART #	SIZE	PART #
6" ( Universal (Slim)	26-50" (66-127cm)	MLSO-1	Standard	MLSO-P56
8" Universal (Standard)	26-50" (66-127cm)	MLSO-2	UNIVERSAL POSTERIOR	
6" (Slim) Belt Extension	26-70" (66-177cm)	MLSO-1EXT		
8" (Standard) Belt Extension	26-70" (66-177cm)	MLSO-2EXT	SIZE	PART #
CONTOURED POSTERIOR PANEL			with Lateral	MLSO-P55
			without Lateral	MLSO-P57
