System 2000	All versions	✓	✓

To identify if the new BionicLink PC adapter is compatible with your C-Leg or Kenevo, check:

- if the article number ends in “-3”
- if the inscription on the hydraulic unit reads “LE DUAL”

*C-Legs and Kenevos produced using the newer LE-DUAL (low energy) Bluetooth chip will only pair with the new 60X5=2 (white) BionicLink PC adapter.
