RELATED PRODUCTS

- **Distal cup** : in transparent and very elastic copolymer gel. Perfectly appropriate for any STEPLINE PLUS / STEPLINE HD liners. Compensates volume for residual limbs with conical shape. Flexibility provides comfort in sensitive areas. Thickness in distal part : 3 mm. Height 14 cm.

Item N°.	Circumference / Diameter	Liners STEPLINE PLUS / HD
1S390-1	16 cm / 5 cm	Small residual limbs
1S390-2	23,5 cm / 7,5 cm	STEPLINE PLUS / HD 4-5
1S390-3	30 cm / 9,5 cm	STEPLINE PLUS / HD 5B-6

- **1S391** : Kit of 3 Pressure Pads in Copolymer Gel. Includes 3 pads of different sizes : 50 x 85 mm ; 75 x 105 mm ; 105 x 125 mm. Spreads and reduces pressure areas in the sensitive parts of the residual limb. Manages residual limb volume changes. Perfectly appropriate for any STEPLINE PLUS / STEPLINE HD liner.
