SecuTec® OA

Orthosis for Unloading and Stabilization of the Knee Joint.

SecuTec OA relieves the lateral or medial compartment based on the 3-point principle without reducing the distance between the hinges thereby increasing wearing comfort. It combines optional varus or valgus adjustment in one product. The SecuTec OA's relieving effect helps reduce pain and improve patient mobility.

Indications

- Moderate to severe medial knee osteoarthritis (OA)
- Moderate to severe lateral knee osteoarthritis (OA)
- Post-operative stabilization and unloading (relief)
