

Code: L1832/1833*

SofTec® Genu

Multifunctional orthosis for
stabilization of the knee.

Pain Relief

- **Medical-strength compression** – utilizes graduated medical compression to reduce edema, accelerate pain reduction and enhance mobility.
- **Enhanced proprioception** – SofTec Genu stimulates proprioception, providing improved muscle and joint control.
- **Intermittent massage** – Anatomically-designed medical silicone inserts, provides permanent massage through soft tissue stimulation while active, further enhancing pain relief and promoting faster rehabilitation.

Wearing Comfort

3D anatomically contoured knit, assures optimal support and stability across the knee joint delivering appropriate weight bearing stress relief.

Patient Compliance

Compliance is totally dependent on patient comfort throughout the healing process. Bauerfeind uses high-tech breathable, stretchable and moisture-dissipating textiles with an even softer knit for extra sensitive areas such as behind the knee.

Bauerfeind products are made in Germany by a team dedicated to quality, clinical effectiveness and detailed craftsmanship.

*Suggested codes are based on approved coding from PDAC as of 12/14. It is the responsibility of the provider to determine the appropriate billing code, as well as, whether the use of a product complies with medical necessity and other documentation requirements of the payer.

SofTec® Genu

Hinge

- Intelligent hinge finds the individual 3D compromise axis of rotation – provides less stress on ACL and PCL
- Extension/flexion control in increments of 10 degrees

SofTec® Vector Knit

- large surface contact area with the leg, prevents local pressure peaks
- anatomical contoured knit
- breathable

Pad

- Patellar recess for the correct positioning on the leg
- prevents anterior knee pain

Integrated corrective guide

Stops the patella from drifting

Velcro tensioning strap

Anatomically contoured – for a long-lasting secure fit

also available in black
