

OVATION TLSO 456

PRODUCT DESCRIPTION

Ovation's TLSO 456 is universally sized and easily adjustable. Designed with the patient in mind, our TLSO 456 steps down to an L0627 in seconds, offering appropriate support at each stage of the recovery process. Its ergonomic, patient friendly design is comfortable, easy to wear, and simple to don and doff.

KEY FEATURES

- Universally sized, comfortable, and easy to wear.
- Does not require any tools to adjust.
- Open shoulder strapping system provides superior patient comfort, and is simple to don and doff.
- Thoracic harness allows easy, tool free, height adjustment.
- Hand envelopes allow precise placement of the waist band.
- Posterior panel is fully customizable.
- Steps down to an L0627 in seconds.
- 4XL version extends waist circumference by 8-inches, allowing it to accommodate a waist circumference of up to 66-inches.

THE OVATION TLSO 456 INCREASES PATIENT COMPLIANCE WITH A DESIGN THAT IS COMFORTABLE, EASY TO WEAR, AND SIMPLE TO DON AND DOFF.
