

# Triumph Dual OA Knee

**DCT-45** The Trend Triumph Dual OA Knee Brace reduces pain from osteoarthritis by offloading the medial or lateral knee compartments. Its aerospace-grade aluminum frame ensures the brace is lightweight yet highly durable, offering reliable support for daily activities. Designed for all-day comfort, it helps patients stay confident and mobile, whether at rest or in motion.

## Lightweight Design

Combines durability with a lightweight structure for comfortable, easy wear throughout the day.

**PDAC Approved: L845/L1852**

## Highlights

- Effective Offloading: Relieves pressure on medial or lateral knee compartments to alleviate osteoarthritis pain and improve mobility.
- Durable Frame: Aerospace-grade aluminum ensures exceptional strength, long-lasting reliability, and resistance to wear.

## Indications

- Moderate to mild unicompartmental knee osteoarthritis
- Degenerative meniscal tears
- Osteochondral defects
- Articular cartilage defects and repairs

## Daily Wear Ready

Designed for consistent use, offering reliable support for work, exercise, or leisure.
