

SOFT LINE

Central Silicone Heel Supports

- For all discomfort caused by heel spurs
- Provide relief of heel spurs in the critical area
- Help cushion impacts on ankles, knee and hips produced by walking
- Help reduce pressure on ligaments, muscles and joints
- Provide rapid relief from pain and fatigue
- Support vital pressure points in the walking or standing position
- The two densities (the blue parts are softer than the rest of the insole) relieve pressure by adapting to the anatomy of the foot
- 100% silicone rubber is naturally hypoallergenic
- Easily washed in cold water without using soap
