

FreeSport® Knee Brace

Sizes: xxs, xs, s, m, l, xl, xxl

FreeSport® knee braces are innovative soft goods designed for mild to moderate patellofemoral support. They are constructed with the unique Smart-Zone® compression fabric that delivers a low profile and ultra-lightweight silhouette. They contain a lateral buttress that offers a comfortable and supportive fit and are available in both a sleeve and wraparound design. The FreeSport® braces provide compression and stability so patients can maintain their activities of choice.

Common Examples of Use

- Patellofemoral pain syndrome
- Patellar maltracking
- Patellar tendonitis
- Mild chondromalacia
- Runner's Knee
- Post lateral release

Product Features

- Smart-Zone® compression fabric; moderate compression for anatomic support and light compression for a non-binding fit
- Lateral buttress for stabilization and support
- Wraparound design is universal Right / Left
- Migration control with elastic banding and silicone strips
- Breathable and lightweight
- A high strength and tear-resistant pocket system made of nylon hinges and foam hinge pockets

Category: Patellofemoral.
