

FORM FIT® KNEE IMMOBILIZER

Form Fit Knee Immobilizer features a universal 3-panel design that can be adjusted to accommodate most leg circumferences. Adjustable medial and lateral stays and a rigid posterior stay provide stability, while the breathable foam material helps keep patients cool.

- Adjustable medial/lateral stays and rigid posterior stay provide stability
- Soft breathable foam keeps patients cool
- Universal 3-piece design simplifies inventory needs

INDICATIONS

- Emergency immobilization
- Pre and post-surgical knee immobilization
- Traumatic knee injuries
