WARRANTY

The warranty for the Height Extension Adapter is one year from date of invoice. Use of a Height Extension Adapter for amputees whose modified body weight is more than 300 lbs (135 kg) or who engage in extremely high and abusive activities is against WillowWood's recommendations and will void the one-year warranty. "Extremely high and abusive activities" are defined as activities such as skydiving, karate, and judo; activities that could result in injury to an individual's natural limbs; and activities that expose the prosthesis to corrosives such as salt water.
