Sleeve & Liner Facts

Comfort or Durability?

You can have the Absolute best in comfort and softness and in durability and intimate fit. We know that the user demand both, so we worked out a formula of more advanced gel liner, that combines all the best aspects of softness, comfort, fit and durability to the material. Extra cushion and thickness where it's needed gives extra protection and comfort to the user. Absolute Liners offers a more comfortable, natural feel liner that will endure longer.

Absolute Liner is available as Cushion and Locking liner and in a variety of styles and sizes that allows the practitioner to provide an optimized fit for every user.

Medical grade mineral oil is infused in every Absolute liner for healthy skin.
