

ADVANTAGE III WALKER

Indications: Soft tissue injuries, grade 2 and 3 sprains, stable fractures, post-operative, trauma, or rehab use

- Aluminum uprights can be customized to fit patients of different anatomies
- Reinforced softgood liner to prevent disintegration during use
- Ultra low heel height in conjunction with the rocker bottom sole encourages a more natural gait pattern and reduces pelvic tilt which mitigates secondary hip and back pain
- Extra wide foot bed to accommodate for patient dressings
- Suggested HCPCS Code: L4386 or L4387

Size	High Top	Low Top	Men	Women
