

MedSurg DUO™

Pressure Relief Shoe

The MedSurg Duo™ shoe combines two different densities of EVA to provide excellent pressure relief long term. The sole provides 4x better shock absorption than a standard TPR sole. The MedSurg DUO™ shoe is built to last.

DARCO®

Dual Density

DUO™ Features and Benefits

- › The EVA sole is lightweight, more durable, lasts 4x longer, and provides better shock absorption.
- › Adjustable ankle strap with ankle pad is softer, meaning more patient comfort.
- › Dual Buckle means strap and pad can be switched left or right
- › The DUO™ is compatible with the PQ - Peg Assist Offloading Insole to form the premier offloading combination on the market.
- › 5 Sizes means reduction in inventory.
- › Duo EVA sole provides up to **40%** pressure reduction over a standard post op. shoe.

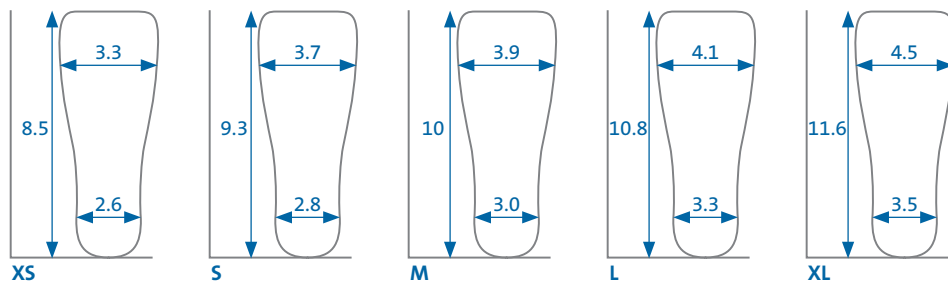

DUO™ Sizing Chart:

Estimated Shoe Sizing
