

ENCORE™ summit

- Comfort and performance
- Two blends of thermoplastic gel
- Innovative, high quality, durable

The Summit Sleeve is designed for comfort and performance. This sleeve is crafted using a proprietary blend of thermoplastic gel and medical grade mineral oil, resulting in a sleeve that is highly durable and retains critical elasticity. We offer the Summit Sleeve in two unique blends of thermoplastic gel, both specifically engineered for different levels of comfort and performance.

Active Gel	Relax Gel	Color	Thickness	Size
