

Levitate Adapters

TECHNICAL PRODUCT SHEET

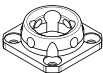

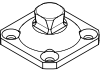

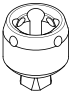

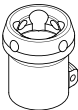

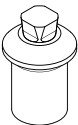

Levitate Adapters

The **Levitate Adapters** are engineered to provide customizable height adjustments, allowing for precise fitting and tailored performance. This ensures enhanced comfort and optimal functionality for users.

All **adapters** are equipped with M8 threads, guaranteeing secure and standardized connections between components.

The tube and adapter combination offers an adjustable build height, ranging from 62 mm to 90 mm when used together.

	Component	Material	Build Height	Weight	Torque
	Flat Female	Aluminum	19 mm	44 g	12Nm
	Flat Female	Titanium	19 mm	70 g	12Nm
	Flat Male	Aluminum	9 mm	60 g	-
	Flat Male	Titanium	9 mm	98 g	-
	Female Female	Aluminum	32 mm	52 g	12Nm
			45 mm	68 g	
			60 mm	90 g	
	Female Male	Aluminum	34 mm	89 g	12Nm
	Tube Clamp Female	Aluminum	51 mm	57 g	M5: 9Nm M8: 12Nm
	Tube Male	Aluminum	46 mm	69 g	-
	Spacer	POM	10 mm	27 g	-
