

NEOLON & BAMBOOLON

CLOSED CELL - EXPANDED NEOPRENE

SILPURE is now in our nylon top cover!

Neolon is a new and improved firmer neoprene, made for the more active patient. It is offered with a colored nylon top cover with the bottom side abraded or with the bottom side smooth. Thicknesses are either 1/8" or 1/16". Silpure is an advanced anti-microbial protection with properties of silver. Silpure eliminates odors by controlling bacteria that causes the problem. Bamboo is eco-friendly and has anti-microbial properties and is anti-bacterial.
