

Steinel® Heat Gun Selection Guide

Order No.	Model No.	Description	Feature	Output	Temp Settings
34100*	SV-800	UltraHEAT™	Dual Temperature	1300 W	600°F, 900°F
34103	SV-803	UltraHEAT™ II	Variable Temperature	1400 W	Variable to 1000°F
34104	SV-803		w/ Case and 2 Nozzles		
Order No.	Model No.	Description	Feature	Output	Temp Settings
34370	HL-500	Two Stage	Heavy Duty Element	1400 W	570°F, 1050°F
34481*	HL-1502-S	3 Speed		1400 W	Cool, 800°, 1050°F
34485	HL-1502-S		w/ Plastic Case		
41502	HL-1502-K		w/ Case and 2 Nozzles		
Order No.	Model No.	Description	Feature	Output	Temp Settings
34401	HL-1800-E	Electronic Control	Variable Temperature	1500 W	120°F to 1100°F
34511	HL-1802-E	Electronic Control	3 Stage Airflow Cool	1500 W	Cool to 1100°F
34515	HL-1802-E		w/ Plastic Case		
34261	HG-2000-E	Electronic Control	Ergonomic Design	1500 W	120°F to 1100°F
34491	HL-2002-LE	Electronic Control	LED Temp Indicator	1500 W	Cool to 1100°F
34495	HL-2002-LE		w/ Plastic Case		
34581*	HG-3002-LCD	Electronic Control	LCD Temp Indicator	1500 W	Cool to 1100°F
34585	HG-3002-LCD		w/ Plastic Case		
Order No.	Model No.	Description	Feature	Output	Temp Settings
35011	HG-2300-E	Electronic Control	Ergonomic Design	1750 W	80°F to 1100°F
35012	HG-2300-E		w/ Plastic Case		
35021	HG-4000-E	120 V Electronic	LED Temp Indicator	1750 W	80°F to 1100°F
35031	HG-4000-E		w/ Metal Case		
35025*	HG-5000-E	230 V Electronic	LED Temp Indicator	3400 W	80°F to 1100°F
35035	HG-5000-E		w/ Metal Case

STEINEL® HEAT GUNS — Continued

Spreader Nozzles

Use to spread hot air evenly over an area for drying, stripping paint, shaping plastic, etc.

Order No.	Item	Size
07011	Spreader Nozzle	50 mm
07021	Spreader Nozzle [pictured left]	75 mm

Deflector Nozzles

Use to protect adjacent surfaces from becoming overheated.

Order No.	Item	Size
07031	Deflector Nozzle	50 mm
07041	Deflector Nozzle [pictured left]	75 mm

Reflector Nozzles

Use to direct hot air around pipes and tubing for even heating.

Order No.	Item	Size
07061*	Reflector Nozzle	9 mm
07461*	Reflector Nozzle	14 mm
07051	Reflector Nozzle	39 mm
07301	Reflector Nozzle [pictured left]	75 mm

Reducer Nozzles

Use to provide a concentrated, aimed stream of hot air for precise output.

Order No.	Item	Size
07062*	Reducer Nozzle	9 mm
07071*	Reducer Nozzle	14 mm
07081*	Reducer Nozzle [pictured left]	20 mm
07511*	Reducer Nozzle, Angled	40 mm

Attachments for 9 mm Reducer Nozzle ST-07062

Order No.	Item	Size
07091*	Plastic Welding Nozzle [pictured left]	6 mm Intake
07101*	Lap Welding Slit Tip	20 mm
07201*	Rod Welding Slit Tip	20 mm

Attachments for 14 mm Reducer Nozzle ST-07071

Order No.	Item	Size
07211*	Teflon Coated Heat Disc	75 mm
07471*	Slit Nozzle for Lap Welding [left]	40 mm

*For use with electronic heat gun only.
