

# SIERRA

UNIVERSAL COLLAR™

SIERRA  
UNIVERSAL COLLAR™

## *Simplify Patient Care*

With just a single size, the Sierra Universal Collar™ fits the vast majority of patients. Its unique design provides the comfort and motion restriction needed to protect your patients.

You can feel confident you will get the right size for the right fit . . . right away. And, since the single size and compact design alleviate storage problems, the collar is available whenever you need it.

The Sierra Universal Collar™ will allow you to reduce inventory, eliminate SKU's, and save valuable space. From the ED to Central Supply, it will improve efficiency in your facility.

*Innovative Patient Care*

# The Sierra Universal Collar™ . . . Something for Everyone

In the fast paced, challenging world of emergency medicine, it's difficult to know who your next patient will be. For those who require c-spine precautions, the Sierra Universal Collar™ simplifies patient care. It offers an effective, convenient, and affordable solution that works in today's cost conscious healthcare environment.

With local Aspen representatives, we offer personalized support and service, including a training video that allows you to quickly bring new staff members up to speed. Contact us today to learn how to bring all of these benefits to your facility.

**SIERRA**  
CHILD COLLAR™

The Sierra Universal Pediatric Collar was designed specifically with the pediatric patient in mind. With just one size, the Sierra provides substantial motion restriction for the vast majority of the pediatric patient population. It's flat back panel facilitates a safe application and the DYNA-Capture system contours to the back of the child's head, increasing motion restriction. Access to the tracheal area is unparalleled, allowing for visualization or any procedure on the anterior neck. Simplify your inventory and improve your patient care with the Sierra Pediatric Collar.
