

Bridging the GAP in drop foot care

A unique wearable solution that wears like a sock, but functions like an AFO, with or without shoes, in dry or wet environment.

ENHANCED MOBILITY

The Sstep promotes a natural gait and enhances overall stability.

INNOVATIVE SUPPORT SYSTEM

The Sstep features an innovative support mechanism that was designed to gently lift the drop foot to avoid toe-stubbing, stumbles and falls while walking.

DISCRETE AND COMFORTABLE

Whether you're wearing shoes or walking barefoot, the Sstep provides continuous support, offering flexibility in usage at home, at the beach, or at work.

QUALITY OF LIFE

The Sstep allows for safer and more confident mobility, positively impacting your quality of life by reducing the physical and emotional challenges.

Sstep - Sizing Chart

Size	US - M	US - W	1 Inches	2 Inches
SA	2.5 - 4	4 - 5.5	10 - 12.5	3 - 3.5
