

Super ShearTM **Gel Liner**

***Very conformable & soft mineral oil gel liner
for the distal end of a residual limb***

Comfort Products Super Shear Gel Liner is an ideal solution to provide relief over bony prominent areas, or to give a slight improvement in socket fit. Just roll the liner onto the distal end of the residual limb. The mineral oil in the Super Shear Gel Liner will also help with minor skin problems. Available in three sizes to fit virtually any residual limb.

Conveniently available in pairs and very affordable!

Features of the Super Shear Gel Liner include:

- Rolls on and off the residual limb with ease
- One ply equivalent thickness when rolled on
- Two gel liners per package
- Three widths to accommodate virtually any size
- Super Shear Gel Liners are 14" long
- Can easily be trimmed to shorter lengths

Size	Part Number	Fits Sock Sizes	Length
