CARBON COMPOSITE
DYNAMIC AFOs

M-Pace

A-Pace

L-Pace

A-Pace

Anterior Lateral Strut AFO

Magnetic closure

For easy one hand operation.

Comfort

Stylish, breathable and comfortable soft padding.

Adjustable

Height adjustable.

Durable, Lightweight

- Made from single, Formula 1 and aerospace grade, composite materials for lightweight and durability.

Fits a wide range of footwear

- Ergonomic footplate for better foot fitting.
- Narrower footplate for greater variety of compatible footwear.

Reduced SKUs

- Two sizes with an easy to trim footplate, covering most shoe sizes.

Features:

- Modern looking Anterior-Lateral AFO of intermediate stiffness for best combination of support, flexibility and energy return, ideal for an active life style.
- Made from single, Formula 1 and aerospace grade, composite materials for lightweight and durability. **(20% lighter than the Matrix Max and 25% lighter than the Max 2)**
- Magnetic closure for easy one hand operation, assisting patients with impaired hand mobility/dexterity.
- Ergonomic footplate with curved heel for better foot fitting.
- Narrower footplate for greater variety of compatible footwear.
- Available in two sizes with an easy to trim footplate covering most shoe sizes (4UK to 12UK) reducing the SKUs.
- Height adjustable with a flexible high strength front guard that easily conforms to different levels of calf muscles.
- Stylish, breathable and comfortable soft padding.

Indications:

Low to high activity patients, mild to moderate footdrop, with or without mild to moderate foot spasticity, with weak muscles or with loss of calf muscle, for unilateral and bilateral patients.

M-Pace & L-Pace

Features:

- Posterior **Lateral (L-Pace)** / Posterior **Medial (M-Pace)** strut of intermediate stiffness for best combination of support, flexibility and energy return.
- Made of aerospace grade composite materials for lightweight and durability.
- Ergonomic footplate with curved heel for better foot fitting.
- Narrower footplate for greater variety of compatible footwear. Flexible high strength band that easily conforms around calf muscle.
- Breathable padded cuff with reverse pull hook and loop compatible strap.
- Flexible high strength band that easily conforms around calf muscles.

Indications:

Low to high activity patients, mild to moderate footdrop, with or without mild to moderate foot spasticity, with weak muscles or with loss of calf muscle, for unilateral to bilateral patients.

Fits a wide range of footwear

- Ergonomic footplate for better foot fitting.
- Narrower footplate for greater variety of compatible footwear.

Stylish and comfortable design

- Breathable padded cuff with reverse pull hook and loop compatible strap.

Durable, Lightweight

- Made of aerospace grade composite materials for lightweight and durability.

L-Pace

Posterior Lateral Strut AFO

M-Pace

Posterior Medial Strut AFO

Trulife's Pace range of Carbon Composite Dynamic AFOs have been developed to provide a dynamic response for patients with drop foot, limb proprioception deficit, mild proximal deficit as well as for partial foot amputations.
