

DARCO Elastic Tape

Kinesiology Tape

Elastic Tape Standard Strength
Available in Five Colors:

Elastic Tape Strong Strength
Available in Two Colors:

DARCO Elastic Tape is an elastic sport and therapy tape made especially for use in applied kinesiology. Kinesiology tape is used worldwide by athletic trainers and physicians alike because it provides portable and immediate treatment of muscle, fascia and tendon symptoms and advances performance by way of continuous receptor stimulation.

DARCO

DARCO Elastic Tape Features and Benefits:

- › **Stimulates circulation** and **increases both blood flow** and the flow of lymphatic fluids to promote healing of the affected area.
- › **Improves performance** by facilitating greater range of motion.
- › **Water-resistant** tape stays on for days or until the wearer wants to remove it.
- › Available in **standard strength** and **strong strength** adhesives.
- › Cost effective.

DARCO Elastic Tape Indications:

- › Muscle strains
- › Rotator cuff issues
- › Plantar Fasciitis
- › Tennis Elbow
- › Tendon symptoms
- › Achilles Tendonitis
- › Static problems of the lower extremities
