

MAGNETIC

Slide Release Buckles

From:

WBC
INDUSTRIES, INC.

Buckle can be easily fastened by bringing the two ends close to each other. The magnet in the buckle completes the fastening without having to precisely line up and push together the two ends as with traditional buckles.

Great for patients with dexterity issues!

Available in 1" Black, 1" Black & Silver or 1.5" Black

Call to place an order! 1-800-818-2932
