### WHAT'S IN THE BOX

Alpha Hybrid Sleeve  
Prosthetist Instructions  
Patient Instructions

Please provide the amputee with the **Patient Instructions** included in the box.

### CUTTING

It is not likely that an Alpha Hybrid Sleeve will have to be cut to a shorter length. If trimming is required, however, use large shears, a paper cutter, or a Hand-Held Cutting Wheel (Part No. 700-TL002). If using the Hand-Held Cutting Wheel, place the sleeve on a cutting board or a thick piece of plastic. Using a straight edge as a guide, roll the cutting wheel across the sleeve. Cutting the sleeve too short is not covered under warranty.

### WARRANTY

WillowWood warrants each Alpha Hybrid Sleeve from the date of invoice for a period of ninety (90) days against defects in material and workmanship.

A product returned during the warranty period will be evaluated and repaired or replaced at WillowWood's discretion. To avoid restocking fees, you must obtain a Return Authorization (RA) Number prior to the return of any WillowWood product. Call 740-869-3377 or 800-848-4930 to obtain an RA.

There is no warranty, expressed or implied, for damage caused by abuse, mishandling or accident. The warranty is void if the fitting and routine care instructions are not followed. For your protection and ours, please thoroughly clean all used products prior to return.

### Warranty Disclaimer

WillowWood warrants that each product manufactured will, at the time of delivery, be of workmanlike quality and substantially free of defects. This warranty shall terminate immediately upon an action to combine our products with other materials or in any manner to change the nature of our products.
